### 10+ Medical Ethics For The Boards [EBOOK]

Medical ethics is an applied branch of ethics which analyzes the practice of clinical medicine and related scientific research. Medical ethics is based on a set of values that professionals can refer to in the case of any confusion or conflict. These values include the respect for autonomy, non-maleficence, beneficence, and justice. Such tenets may allow doctors, care providers, and families ...

### Medical ethics - Wikipedia

Since its adoption at the founding meeting of the American Medical Association in 1847, the AMA Code of Medical Ethics has articulated
