Narcissistic Personality Disorder, often mistaken for a too-big ego or inflated self-esteem, is in actuality a severe psychological condition that ruins marriages, social relationships, work environments, and the sufferer's own sense of self. Although perceived as self-confident and arrogant, narcissists are really victims of devastatingly low self-esteem and insecurity. The Everything Guide to Narcissistic Personality Disorder is a comprehensive resource for readers who need guidance, including information on:

In this compelling book, Elan Golomb identifies the crux of the emotional and psychological problems of millions of adults. Simply put, the children of narcissist—offspring of parents whose interest always towered above the most basic needs of their sons and daughters—share a common belief: They believe they do not have the right to exist. The difficulties experienced by adult children of narcissists can manifest themselves in many ways: for examples, physical self-loathing that takes form of overeating, anorexia, or bulimia; a

Self-destructive streak that causes poor job performance and rocky personal relationships; or a struggle with the self that is perpetuated in the adult's interaction with his or her own children. These dilemmas are both common and correctable, Dr. Golomb tells us. With an empathic blend of scholarship and case studies, along with her own personal narrative of her fight for self, Dr. Golomb plumbs the depths of this problem, revealing its mysterious hold on the affairs of otherwise bright, aware, motivated, and worthy people. Trapped in the Mirror explores the nature of the paralysis and lack of motivation so many adults feel stress and its role in exacerbating childhood wrongs why do many of our relationships seem to be "reruns" of the past how one's body image can be formed by faulty parenting how anger must be

return. However, in the context of high inter-spousal conflict children are often compelled by the pathology of a narcissistic parent to choose sides in the spousal conflict against the other parent. In these circumstances of high-conflict divorce, minor's counsel, guardians ad litem, and family law judiciary become crucial to helping resolve the child's triangulation into the spousal conflict and restoring the child's healthy developmental trajectory. Recognizing and helping to resolve the influence of the narcissistic parent's pathology on the child is crucial to the role of the legal professional in supporting the family's successful transition to a new post-divorce separated-family structure of independent families and shared co-parenting. In *The Narcissistic Parent*, Dr. Childress provides a brief primer on the features of the
